2.3 Authority Clause:

- The final authority and discretion for selection, distribution, and any other related matters will lie entirely with **Bhautiki Plus Edutech Pvt. Ltd.**

3. Clarifications

3.1 “100% Tuition Fee Waiver” vs Total Fee

- **What it means:** Tuition component is completely waived.
- **What it does not mean:** Other mandatory fees (exam, digital resources, study material, infrastructure contribution, etc.) are still applicable.
- **Example:** If total annual fee = ₹1,20,000 (tuition ₹50,000 + other charges ₹70,000), under 100% tuition fee waiver, student pays only ₹70,000.

3.2 Important Points

- **Tuition Fee vs Total Fee:** Except Category A, all scholarships apply only on tuition fee.
- **“100% Tuition Fee Waiver” ≠ “Study Free”:** Students still bear additional charges beyond tuition.
- **Non-accumulation:** A student cannot combine multiple scholarships; the highest eligible waiver will be applied.
- **Performance Clause:** Continuation/renewal of scholarships depends on discipline and academic performance.
- **Withdrawal Clause:** Misconduct or prolonged negligence may lead to withdrawal.

3.3 Rank Allocation Rule (Percentage-Based with Ties)

- Ranks will be awarded strictly based on **overall percentage**.
- If two or more students have the **same percentage**, they will be awarded the **same rank**.
- The next rank shall follow after **skipping the number of tied positions**.
- **Example:**
If Rank 2 is shared by two students, the next rank will be Rank 4, i.e., the rank that follows the tied positions.

Candidate 1 → 98% → **Rank 1**

Candidate 2 → 97% → **Rank 2 (tie)**

Candidate 3 → 97% → **Rank 2 (tie)**

Candidate 4 → 96% → **Rank 4**

3.4 Prize Distribution in Case of Tied Ranks

In the event that two or more students secure the same rank, the total cash prize associated with that rank and the immediate subsequent rank(s) covered by the tie shall be combined and divided equally among all the students sharing the same rank.

This ensures a fair and transparent method of distributing cash rewards.

Example:

For instance, if:

- **2nd Rank Prize = ₹15,000**
- **3rd Rank Prize = ₹10,000**

And **two students share 2nd Rank**, then:

- Total Prize Pool = ₹15,000 + ₹10,000 = **₹25,000**
- Number of Students = 2
- Prize per Student = ₹25,000 ÷ 2 = **₹12,500 each**

Thus, both students tied at **Rank 2** will receive **₹12,500** each.

3.5 Single Scholarship Applicability Rule

A student shall be eligible for only one scholarship category.

If a student qualifies for more than one scholarship category, only the highest (maximum benefit) scholarship shall be applicable.

No student shall be allowed to combine or accumulate multiple scholarship categories.

Example:

If a student qualifies for:

Category B (100% Tuition Fee Waiver), and

Category C (75% Tuition Fee Waiver),

then only Category B shall be awarded, as it offers the maximum benefit. The student will not be eligible to receive Category C in addition to Category B.
